Information

Note that your club and venue (location) information are separate from the actual shoot (tournament) information the event you want listed. Once we have your club and location info, it stays in our database and can be updated at any time by contacting me.

If you have different locations, please list them separately for example you might have a 3D Contact and a Target contact and a 3D location and an Indoor location, we'll keep them separate.

Should you have any questions, just drop us a note (al@archeryguy.com)
